

## **Safeguarding and Welfare Requirement: Health**

The provider must promote the good health of children attending the setting

### **Recording and reporting of accidents and incidents**

(Including procedure for reporting to HSE, RIDDOR)

### **Policy statement**

We follow the guidelines of the Reporting Injuries, Diseases and Dangerous Occurrences (RIDDOR) for the reporting of accidents and incidents. Child protection matters or behavioural incidents between children are NOT regarded as incidents and there are separate procedures for this.

### **Procedures**

*Our accident book:*

- is kept safely and accessibly;
- is accessible to all staff and volunteers, who know how to complete it; and
- is reviewed at least termly to identify any potential or actual hazards.

*Reporting accidents and incidents:*

- Ofsted is notified as soon as possible, but at least within 14 days, of any instances which involve:
  - food poisoning affecting two or more children looked after on our premises;
  - a serious accident or injury to, or serious illness of, a child in our care and the action we take in response; and
  - the death of a child in our care.
- Local child protection agencies are informed of any serious accident or injury to, or the death of any child while in our care and we act on any advice given by those agencies.
- Any food poisoning affecting two or more children or adults on our premises is reported to the local Environmental Health Department.
- We meet our legal requirements in respect of the safety of our employees and the public by complying with RIDDOR (the Reporting of Injury, Disease and Dangerous Occurrences Regulations). We report to the Local Authority:

- any work-related accident leading to an injury to a child or adult, for which they are taken directly to hospital;
- Any work-related accident leading to a specified injury to one of our employees. Specified injuries include injuries such as fractured bones, the loss of consciousness due to a head injury, serious burns or amputations.
- any work-related injury to a member of staff, which results in them being unable to work for seven consecutive days. All work-related injuries that lead to one of our employees being incapacitated for three or more days are recorded in our accident book.
- when a member of staff suffers from a reportable work-related disease or illness;
- any death, of a child or adult, that occurs in connection with activities relating to our work; and
- any dangerous occurrences. This may be an event that causes injury or fatalities or an event that does not cause an accident, but could have done, such as a gas leak.

Information for reporting incidents to the Local Authority or Health and Safety Executive is provided in the Pre-school Learning Alliance's *Accident Record*. Any dangerous occurrence is recorded in our incident book (see below).

#### *Our incident book*

- We have ready access to telephone numbers for emergency services, including local police. We rent premises and we ensure we have access to the person responsible and that there is a shared procedure for dealing with emergencies.
- We ensure that our staff and volunteers carry out all health and safety procedures to minimise risk and that they know what to do in an emergency.
- On discovery of an incident, we report it to the appropriate emergency services - fire, police, ambulance - if those services are needed.
- If an incident occurs before any children arrive, our manager risk assesses the situation and decides if the premises are safe to receive children. Our manager may decide to offer a limited service or to close the setting.

- Where an incident occurs whilst the children are in our care and it is necessary to evacuate the premises, we follow the procedures in our Fire Safety and Emergency Evacuation Policy or, when on an outing, the procedures identified in the risk assessment for the outing.
- If a crime may have been committed, we ask all adults witness to the incident to make a witness statement including the date and time of the incident, what they saw or heard, what they did about it and their full name and signature.
- We keep an incident book for recording major incidents, including those that are reportable to the Local Authority or Health and Safety Executive as above.
- These incidents include:
  - break in, burglary or theft of personal or the setting's property;
  - an intruder gaining unauthorised access to the premises;
  - fire, flood, gas leak or electrical failure;
  - an attack on a member of staff or parent on the premises or nearby;
  - any racist incident involving staff or a family on the premises;
  - a notifiable disease or illness, or an outbreak of food poisoning affecting two or more children looked after on the premises;
  - the death of a child or adult; and
  - a terrorist attack, or threat of one.
- In the incident book we record the date and time of the incident, nature of the event, who was affected, what was done about it or if it was reported to the police, and if so a crime number. Any follow up, or insurance claim made, is also recorded.
- In the unlikely event of a terrorist attack we follow the advice of the emergency services with regard to evacuation, medical aid and contacting children's families. Our standard *Fire Safety and Emergency Evacuation Policy* will be followed and staff will take charge of their key children. The incident is recorded when the threat is averted.
- In the unlikely event of a child dying on the premises, for example, through cot death in the case of a baby, or any other means involving an older child, the emergency services are called, and the advice of these services are followed.
- The incident book is not for recording issues of concern involving a child. This is recorded in the child's own file.

## **Legal framework**

- Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR 1995)
- The Health and Safety (Enforcing Authority) Regulations 1998

## **Further guidance**

- Common Inspection Framework: Education, Skills and Early Years (Ofsted 2015)
- Early Years Inspection Handbook (Ofsted 2015)
- RIDDOR Guidance and Reporting Form: <http://www.hse.gov.uk/riddor/>
